

CHANATHIP PUAPANWONG

Hello! I'm Chanathip Puapanwong, a recent graduate from Rajamangala University of Technology Rattanakosin, Wang Klai Kangwon Campus.

A Web Developer with experience in developing web applications across both Front-end and Back-end, including deployment, using Next.js, React, and Express. Focused on designing user-friendly UIs and building efficient, high-performance systems with a strong motivation to learn new technologies and continuously improve development skills.

EXPERIENCE

2023 - 2024

Hua Hin Hospital

IT Support & Programmer

Developed and maintained an internal asset management system, collaborated with end users to gather requirements and enhance system functionality, and provided IT support for hospital staff including system maintenance, hardware and software troubleshooting, and user assistance.

2021

Thailand Post, Hua Hin

Administrative Assistant

Worked as an administrative data entry assistant, responsible for entering and verifying shipment and customer information, managing document records, and supporting daily office operations
